Making Every PLASTIC Count..

Recognized by -

#startupindia

The background of the image is a lush garden scene. In the foreground, there's a wooden table with several potted plants. One plant is in a white pot, another in a green pot, and a third in a white pot with a blue circular logo. To the right of the table, there are more potted plants, including one in a blue pot and another in a white pot with a blue circular logo. In the background, there are more plants and a wooden fence. The overall scene is bright and green, suggesting a healthy and sustainable environment.

Hello!
Greetings from Econscious

We're glad to see your efforts taken towards sustainability. As we send you our recycled plastic products details we also thank you for thinking eco-consciously.

We at Econscious™ believe that it's our collective responsibility to lead towards sustainability. We convert discarded plastic into something innovative and functional to give back to the environment, by closing the loop and keeping it circular.

Please have a look at some of our recycled plastic gifting product range, and let's start thinking, talking and gifting eco-consciously
